

Pet Insurance 101

A pet insurance policy can help you plan for your pet's healthcare—and offset costs for routine care and unexpected illness or injury.

So, how does pet insurance work?

Brought to you by Nationwide®

1

Understand what you're buying

Know what is covered and what isn't—before you need it. Get a clear understanding of how reimbursements and deductibles work.

2

Choose coverage

Do you need a policy for a dog, cat, exotic pet or an avian?

3

Pick a plan that works for you

Choose a complete care plan or go à la carte with medical or wellness coverage. Monthly premiums and annual deductibles will vary by plan.

4

Enroll pets young and healthy

Pre-existing conditions aren't covered by any pet insurer. Enroll pets when they're young and healthy to help ensure maximum coverage at a lower cost.

5

Get reimbursed for vet visits

Pet insurance policies reimburse eligible veterinary expenses based on a percentage of treatment cost or an annual benefit schedule.
